What Is Moneyland?

Moneyland is a term popularized by investigative journalists and authors to describe the clandestine world of hidden wealth, offshore accounts, shell companies, and financial schemes used by crooks, kleptocrats, and corrupt elites to hide and launder money. It?s not a physical location but a metaphorical landscape?a complex ecosystem where illicit funds are moved, obscured, and ultimately integrated into the global economy.

Origins of the Term

The phrase was coined to encapsulate the secretive universe where dirty money flows unchecked, often beyond the reach of law enforcement, tax authorities, and regulatory agencies. It underscores how this underground economy is intertwined with legitimate financial systems, making detection and prosecution exceedingly difficult.

The Architecture of Moneyland

Understanding Moneyland requires familiarity with the various tools, techniques, and entities that enable the concealment of illicit wealth.
