The city of Chalion was believed to be located in what is now modern-day Mediterranean or Middle Eastern regions, with some sources placing it near the ancient civilizations of the Levant or Anatolia. Archaeological evidence of Chalion has been scarce, leading to speculation about its true location and history. According to legend, Chalion was a prosperous city renowned for its advanced architecture, vibrant markets, and powerful priesthood.

The city's downfall is often attributed to a divine punishment or a curse that was unleashed due to moral decay, betrayal, or sacrilege by its inhabitants. Some accounts suggest that Chalion's priests or rulers committed a grievous sin against the gods, provoking divine wrath. The exact nature of the transgression varies across different stories, but the common theme is that Chalion's hubris or misconduct invoked a curse that would ultimately lead to its destruction.
