Origins and Early Development

Tennis traces its roots back to ancient civilizations where similar racket-based games were played. However, the modern version of tennis emerged in 19th-century England. The game was initially called "lawn tennis" to distinguish it from real tennis, an indoor game played with different rules.

Key milestones include:

- **1874:** Major Walter Wingfield patents a game called "lawn tennis," which resembles modern tennis.
- **1877:** The first Wimbledon Championship is held, establishing one of tennis's most prestigious tournaments.
- **Late 19th and early 20th centuries:** Tennis spreads globally, with the establishment of national associations and tournaments.
