Historical Background of Park am Gleisdreieck

The Site's Industrial Past

The Park am Gleisdreieck is situated on a former rail yard that once served as a key transportation hub in Berlin. During the 19th and early 20th centuries, this area was vital for freight and passenger transport, reflecting Berlin's rapid industrial growth. However, with the decline of rail transport and changing urban dynamics, the site fell into disuse and neglect.

Transformation into a Green Space

In the early 2000s, urban planners and landscape architects saw potential in repurposing this space for public use. Recognizing the need for accessible green areas in Berlin's dense urban fabric, the city initiated a comprehensive project to convert the abandoned rail yard into a multifunctional park. The result was the creation of Park am Gleisdreieck, which officially opened to the public in 2011.
